- Nirmala Girl's Higher Secondary School
- Graduated: [2017]

PROFILE

Motivated and dedicated MCA student with a strong passion for JavaScript programming and a solid foundation in HTML, CSS, and SQL. Seeking opportunities to contribute my skills and knowledge in web development while continuously learning and growing in the field.

SKILLSET

- ✏️ **HTML &CSS**
- ▨ **JAVASCRIPT**
- 🗂 **Github,VS code**
- ✨ **SQL,MYSQL**

PROJECT

UG Project: Captcha as Graphical Passwords - A New Security Primitive (Brief Description)

- Explored the concept of using graphical images as passwords to enhance online security.
- Implemented a prototype system using JavaScript, HTML, and CSS to create and validate graphical passwords.
- Conducted comprehensive testing to assess the effectiveness and reliability of the graphical password approach.
- Presented findings and results to a panel of evaluators.

INTERESTS

- **Web Development**
- **JavaScript Programming**
- **Problem Solving**
- **Exploring New Technologies**
